

COACHES EDUCATION COMMITTEE

This coach's manual is the brain child of Jim Voss and became a reality through the efforts and experience of many coaches throughout the nation. These coaches are willing to share their knowledge and expertise for the benefit of all high school swimmers.

The addresses and phone numbers of these coaches are listed below, some may have moved on; but members of the letterhead will be able to put you in touch with them or find someone who can help you.

Your comments and suggestions are welcome. Direct your remarks to the editor:
